### MEMORANDUM

DATE: March 2007

FROM: Director, Central Engineering Services

SUBJECT: Pilot Point Tribal Council – Environmental Review  
Project No. AN 05-GG1, Amendment No. 1

TO: FOR THE RECORD

Federal funding for this project requires an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with the project in consultation with applicable federal, state, and local authorities. An environmental review was completed in April 2006 with respect to the proposed sanitation facilities construction at Pilot Point, Alaska under Project No. AN 05-GG1. This Amendment will not change the scope outlined in the original document. No additional environmental review is necessary at this time.

The ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope of work changes.
